Based on Ricky Gervais's hit BBC series, this US remake stars Steve Carell as Michael Scott, the general manager of a boring suburban office. A satirical comedy that skewers office life with deadpan humor, the series co-stars John Krasinski as the lusty receptionist Pam, Rainn Wilson as the snooty boss, and B.J. Novak as temp Ryan.

```

US life. There are less scenes with pubs and more with bars. If you've watched the BBC series don't go into this one expecting the same. 95% of US shows and not having commercials on the DVD.
